INTENT OF HANDBOOK

Vision VetCare, LLC, also referred to as the Organization, encompasses any practice in the Vision VetCare, LLC family. This handbook was developed to describe some of the expectations of our employees and to outline the policies, programs, and benefits available to eligible employees. Each employee should read, understand, and comply with all provisions of the handbook. It describes many of the responsibilities as an employee and outlines the programs developed by Vision VetCare, LLC to benefit employees.

No employee handbook can anticipate every circumstance or question about policy. As Vision VetCare, LLC continues to evolve, the need may arise to alter, supplement, or rescind any policies or portion of the handbook as it deems appropriate. When possible, employees will be notified as changes to the handbook occur.

Each practice will provide additional specific direction regarding practice specific procedures. Please contact your HR Consultant for further interpretation.

In this handbook the term "practice" is used to refer to a clinic or hospital location and "practice manager" is used to refer to the individual in charge of managing the location (usually a Doctor or Office Manager).

CHOOSING TO WORK FOR US

Vision VetCare, LLC hopes that every employee sees their employment experience as one in which they endeavor to have a long and successful career. The information within this handbook should provide guidance on how to adequately meet the expectations of the organization.

However, employment with Vision VetCare, LLC is a choice the employee and the organization make voluntarily. Each employee is free to resign at will at any time, for any reason. Similarly, Vision VetCare, LLC may terminate the employment relationship at will at any time, for any reason, and with or without notice, so long as there is no violation of applicable federal or state law. This handbook and the policies contained within are not intended to create a contract, nor are these policies to be construed to constitute contractual obligations of any kind or a contract of employment between Vision VetCare, LLC and any of its employees.

The provisions of the handbook have been developed at the discretion of management, except for its policy of employment-at-will, and may be amended or cancelled at any time, at Vision VetCare, LLC's discretion. These policies supersede all existing policies and practices and may not be amended or added to without the express written approval of the Organization Management Team of Vision VetCare, LLC.

SECTION II: THE WAY WE WORK

CODE OF ETHICS

Vision VetCare, LLC is committed to conducting all aspects of business in strict compliance with professional, ethical, and legal standards. CONFLICTS OF INTEREST

Employees have an obligation to conduct business within guidelines that prohibit actual, perceived or potential conflicts of interest. The purpose of this policy is to provide general direction so that employees can seek further clarification on issues related to the subject of acceptable standards of operation.

If the manager is unavailable or if it would be inappropriate to contact that person, the employee should immediately contact any other member of management. Employees can always raise concerns and make reports without fear of reprisal or retaliation.

Any manager who becomes aware of possible sexual or other unlawful harassment should immediately advise the Human Resources Consultant or the Practice Manager so it can be investigated in a timely and confidential manner.

All allegations of sexual harassment will be promptly and thoroughly investigated. To the extent possible, confidentiality of any and all witnesses, the complainant and the alleged harasser are protected against unnecessary disclosure. When the investigation is completed, the complainant will be informed of the outcome of the investigation.

If Vision VetCare, LLC determines that this policy was violated, it will take timely and effective remedial action. Any employee who is found, after appropriate investigation, to have violated this policy (and regardless whether such conduct rises to the level of legally actionable harassment), will be subject to appropriate disciplinary action commensurate with the nature of the conduct, which may include immediate termination of employment. Steps will also be taken, as necessary, to prevent any further harassing conduct.

ATTENDANCE AND PUNCTUALITY

Each Vision VetCare practice depends heavily upon all of its employees to provide service to, and uphold our reputation with, our customers. Dependability, attendance, punctuality, and a commitment to do the job right are essential at all times. As such, employees are expected at work on all scheduled work days and to report to

work on time each day. On time is defined as being at work and ready to start at the beginning of your shift and after any approved breaks or meal periods.

In the rare instance when an employee cannot avoid being late to work or is unable to work as scheduled, the employee should notify his or her manager personally. It is the responsibility of each employee to seek out and understand the appropriate notification procedures for his or her Vision VetCare, LLC Practice. At minimum, employees are asked to phone a manager approximately an hour prior to the start of the shift. Unless otherwise approved and noted by the Practice Manager, text and/or email notifications are not acceptable. **It is a violation of company policy not to notify the manager directly via the means and deadline provided at each location when you will be absent or late to work.**

Occurrences Points

Attendance records will be monitored regularly and points assessed for absences and/or tardies that are not excused.

1. Unexcused Absence: An unexcused absence from work is generally defined as any time an employee is scheduled to report for work and fails to do so without prior approval.
 - a. Three (3) points
 - b. Absences of two or more consecutive days for a single reason that are substantiated by a doctor's note or other pertinent documentation may be counted as a single occurrence and assessed only Three (3) points. (Documentation must be presented on the day the Team Member returns to work)
 - c. Points are assessed regardless of available Paid Time Off Balances.
2. Excused Absence: Absences for scheduled holidays, approved paid time off, jury duty, military duty, bereavement leave, short or long term disability, approved FMLA leave or any other pre-approved unpaid time off will not count as an occurrence under the attendance policy and will be considered excused absences.
3. Tardy: Arriving to work late or returning from a scheduled break or lunch late will be recorded as a tardy and will always be considered as a tardy occurrence unless approved in advance. Returning from lunch or a break any time after the scheduled return time is considered Tardy.
 - a. Arrival and departure times will be recorded according to the clocks used in each practice. Therefore, employees are encouraged to ensure that personal timekeeping devices are in sync with the practice.
 - b. One (1) point will be assessed for each tardy of ten (10) minutes or less at the start of a shift or return from break.
 - c. Two (2) points will be assessed for each tardy greater than ten (10) minutes at the start of a shift or return from break.
 - d. Arriving more than three (3) hours late after the start of shift will be considered a full day absence.

Cumulative Occurrence Points	Corrective Action Step
6+	A verbal warning will be issued to the employee.
9+	A written warning will be issued to the employee.
12+	A final written warning will be issued to the employee.
15+	A termination decision will be made and issued.

Absence Occurrence Expiration

We recognize that employees may experience rough patches in their lives that cause absences that would not otherwise occur. Ultimately, we believe that every employee wants to meet the expectations of the job. Therefore, points will expire one year from the date they are incurred.

Chronic Attendance Problems

A chronic attendance problem is defined as unexcused absenteeism in the form of tardiness or days absent which occurs over an extended period of time. Employees who continually carry a balance of twelve (12) + occurrence points over an extended amount of time may be subject to termination.

Failure to Call In (No Call/No Show)

Not reporting to work and not calling to report the absence is a no call/no show and is a serious matter. The first instance of a no call/no show will result in a written warning. The second separate offense may result in termination of employment with no additional disciplinary steps. Any no call/no show lasting two days is considered voluntary termination of employment.

If the employee already has incidents of attendance/punctuality when a no call/no show occurs, the disciplinary process may be accelerated.

The Practice Manager may consider extenuating circumstances when determining discipline for a no call/no show (for instance, if the employee is in a serious accident and is hospitalized) and has the right to exercise discretion in such cases.

Vision VetCare, LLC encourages all employees to keep an open mind and graciously accept constructive feedback or a request to change behavior that may be affecting another employee's ability to concentrate and be productive.

The following workplace etiquette guidelines are not necessarily intended to be hard and fast work rules with disciplinary consequences. They are simply suggestions for appropriate workplace behavior to help everyone be more conscientious and considerate of co-workers and the work environment. All media inquiries regarding Vision VetCare, LLC and its operations must be referred to the Organization Management Team. Only the Organization Management Team is authorized to make or approve public statements on behalf of Vision VetCare, LLC. No employees, unless specifically designated by the Organization Management Team are authorized to make statements on behalf of Vision VetCare, LLC.

USE OF PROPERTY AND EQUIPMENT

Equipment essential in accomplishing job duties is expensive and may be difficult to replace. When using Vision VetCare, LLC property, employees are expected to exercise care, perform required maintenance, and follow all operating instructions, safety standards, and guidelines. No property may be removed from the premises without management authorization.

Employees must notify their manager if any equipment appears to be damaged, defective, or in need of repair. Prompt reporting of damages, defects, and the need for repairs could prevent deterioration of equipment and possible injury to employees or others. A manager can answer any questions about an employee's responsibility for maintenance and care of equipment used on the job.

The improper, careless, negligent, destructive, or unsafe use of equipment can result in corrective action, up to and including termination of employment.

PERSONAL PROPERTY

Vision VetCare, LLC is not responsible for loss or damage to personal property. Valuable personal items, such as purses and all other valuables should not be left in areas where theft might occur.

PERSONAL TELEPHONE CALLS

It is important to keep Vision VetCare, LLC telephone lines free for client calls. Employees are asked not to make personal phone calls while on duty. Although the occasional use of the Vision VetCare, LLC's telephones for a personal emergency may be necessary, routine personal calls should be kept to a minimum.

Personal cellular telephones must be turned off or set to a silent alert during working hours. Due to the disruption it causes, employees are prohibited from using cellular telephones to take personal calls or text messages during working hours. If calls are expected, employees can check phones periodically with prior approval from the Practice Manager or during approved work or meal breaks. If an employee has to make a call on a cell phone, he or she should do so in an approved non-work area.

PRACTICE VEHICLES

Operators of practice vehicles are responsible for the safe operation and cleanliness of the vehicle. Accidents involving practice vehicles should be immediately reported to the practice manager. Employees are responsible for any violations or fines that may result while operating a practice vehicle. Only employees that have a valid driver's license and are properly insured are permitted to operate any practice vehicle.

Practice vehicles should be driven by the employee only and may only be used for work related driving. Smoking in practice vehicles is prohibited and the use of seatbelts is mandatory for drivers and passengers. Cell phone and mobile device use is prohibited while driving a practice vehicle.

NON-SOLICITATION/DISTRIBUTION

Vision VetCare, LLC recognizes that employees may have interests in events and organizations outside the workplace. However, employees may not solicit or distribute literature concerning these activities during working time. (Working time does not include meal periods, work breaks, or any other periods in which employees are not on duty.)

In addition, the posting of written solicitations on Vision VetCare, LLC bulletin boards are prohibited. Bulletin boards are reserved for official organization communications on such items as:

- State and Federally required postings
- Employee announcements
- Job openings
- Workers' compensation insurance information
- State disability insurance/unemployment insurance information

RESIGNATION

Vision VetCare, LLC hopes that each employee endeavors to have a long career with the organization. Regardless, occasional circumstances dictate that an employee leaves the organization for pressing reasons. If these reasons are related to the work, working conditions, benefits, compensation or relationships with

managers or colleagues, the employee is strongly encouraged to discuss his or her concerns with a manager or the Human Resources Consultant or the Practice Manager before looking for alternate employment.

If the employee determines that separation from Vision VetCare, LLC is necessary, the organization asks for the courtesy of at minimum, a two week notice. This courtesy notice is essential to the Practice's ability to continue to provide excellent service to our patients. Any employee not providing a minimum of two weeks' notice may not be eligible to receive the cash equivalent of accrued, unused PTO time. In addition, employees are responsible for the prompt return of all Vision VetCare, LLC property, uniforms, materials, or written information issued to the employee and under the employee's control. Employees must return all Vision VetCare, LLC property immediately upon request or upon termination of employment. The employee will be responsible for the full replacement cost of any unreturned or damaged property.

SECTION IV: PERFORMANCE AND DEVELOPMENT

INTRODUCTORY PERIOD

The first 60 days of employment with Vision VetCare, LLC are designated as the introductory period. During this time, both the employee and the Organization will have the opportunity to determine if the employment relationship is a good fit for both parties. The employee's performance, aptitude and compatibility with co-workers will be evaluated during this period. Either the employee or Vision VetCare, LLC may end the employment relationship at will at any time during or after the introductory period, for any reason and with or without advance notice.

Upon satisfactory completion of the introductory period, employees enter the "regular" employment classification.

PERFORMANCE EVALUATIONS

Managers and employees are strongly encouraged to discuss job performance and goals on an informal, day-to-day basis. Additional formal performance evaluations are generally conducted to provide both managers and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches for meeting goals.

Performance evaluations will be conducted at the end of the introductory period and again on or around the employee's anniversary date. Some practices may choose to evaluate more frequently. Please see your Practice Manager for the performance evaluation schedule.

CORRECTIVE ACTION

Vision VetCare, LLC strives to administer equitable and consistent communication regarding unsatisfactory conduct or performance in the workplace. The best disciplinary measure is the one that aims to correct behavior or performance when an employee is not meeting expectations.

Vision VetCare, LLC's own best interest lies in ensuring equitable treatment of all employees and in making certain that corrective actions are prompt, uniform, and impartial. The major purpose of any disciplinary system is to correct the problem, prevent recurrence, and prepare the employee for satisfactory service in the future.

Although employment with Vision VetCare, LLC is based on mutual consent and both the employee and Vision VetCare, LLC have the right to terminate employment at will, for any reason, and with or without advance notice, Vision VetCare, LLC may use disciplinary action at its discretion.

Vision VetCare, LLC may utilize a variety of corrective action steps including: verbal warnings, written warnings, or performance improvement plans. If an employee is unable to meet the expectations outlined by Vision VetCare, LLC through the corrective action process the employment relationship may be terminated.

Vision VetCare, LLC is not obligated to administer corrective action using predetermined steps in any particular sequence. The organization does not have a policy of "progressive" discipline. Vision VetCare, LLC recognizes that there are certain types of employee problems that are serious enough to justify termination of employment, without going through a warning procedure.

While it is impossible to list every type of behavior that may be deemed a serious offense, the Employee Conduct and Work Rules policy includes examples of problems that may result in immediate suspension or termination of employment. However, the problems listed are not all necessarily serious offenses, but may be examples of unsatisfactory conduct that may trigger corrective action.

By using the corrective action system, Vision VetCare, LLC hopes that most employee problems can be corrected at an early stage, benefiting both the employee and the organization.

TRAINING & DEVELOPMENT

Vision VetCare, LLC is committed to supporting the individual growth of its employees. From time to time, Vision VetCare, LLC may arrange to have both formal and informal training programs to enable employees to progress. When non-exempt employees are required to attend classes, workshops, or Company-arranged training programs, employees will be paid for time away from work to attend the company approved courses. All or a portion of the expenses for training will be paid for by the Organization depending on the nature of the course. For questions or approval to attend such company sponsored programs, please see the Practice Manager.

SECTION V: TIMEKEEPING AND PAYROLL

TIMEKEEPING

Non-Exempt (Hourly) employees must accurately record all time worked. Federal and state laws require Vision VetCare, LLC to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Nonexempt employees should accurately record the time the workday began and the workday ended, as well as the beginning and ending time of each meal period. Employees should also record the beginning and ending time of any departure from work for personal reasons. Altering, falsifying, tampering with time records, recording time on another employee's time record, neglecting to following timekeeping procedures (punches), or working before or after the assigned schedule without permission may result in disciplinary action, up to and including termination of employment.

It is the employees' responsibility to verify time records to certify the accuracy of all time recorded. If corrections or modifications are made to the time record, both the employee and the supervisor should verify the accuracy of the changes.

Some practices may require exempt employees to accurately record all time worked in order support business functions.

PAY DAYS

All employees are paid bi-weekly on Friday through direct deposit or pay card and receive an itemized statement of wages earned. Each paycheck includes earnings for all work performed through the end of the previous payroll period.

Employees are responsible for providing accurate bank deposit information for direct deposit processing. Inaccurate information will result in a delay of pay being deposited to an employee's account.

ADMINISTRATIVE PAY CORRECTIONS

Vision VetCare, LLC takes all reasonable steps to ensure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday.

In the unlikely event that there is an error in the amount of pay, the employee should promptly bring the discrepancy to the attention of the Human Resources Consultant so that corrections can be made as quickly as possible.

PAY DEDUCTIONS

Vision VetCare, LLC is required to make certain deductions from every employee's compensation. Among these requirements are applicable federal, state, and local income taxes. Vision VetCare, LLC also deducts Social Security taxes on each employee's earnings up to a specified limit that is called the Social Security "wage base." Vision VetCare, LLC matches the amount of Social Security taxes paid by each employee.

Vision VetCare, LLC also offers programs and benefits beyond those required by law. Eligible employees may voluntarily authorize deductions from paychecks to cover the costs of participation in these programs.

Pay setoffs are pay deductions taken by Vision VetCare, LLC, usually to help pay off a debt or obligation to Vision VetCare, LLC or others as required by law.

Vision VetCare, LLC prohibits the making of improper deductions from the salaries of exempt employees. If an "exempt" employee, as defined by the Fair Labor Standards Act, believes that Vision VetCare, LLC has improperly deducted amounts from salary that should not have been deducted, the employee should immediately contact his or her manager. Any improper deductions will be reimbursed, and there will be no retaliation against any employee who raises any good faith concern regarding deductions from salary. If it is determined that the deduction was improper, the employee will be reimbursed for the deduction on the next regular paycheck. Unless the employee alerts the organization that deductions are believed to be improper, Vision VetCare, LLC will assume all deductions are correct.

REST AND MEAL PERIODS

Vision VetCare, LLC will provide non-exempt (hourly) employees with rest breaks as required by state laws unless voluntarily waived by the employee. Rest breaks are generally 10 minutes or less and should occur no more than twice during an eight hour shift. Employees should not leave the location during these periods.

Full-time regular employees may be entitled to one meal period each workday according to state requirements. Meal periods should be scheduled to accommodate operating requirements and approved with the manager in advance. During a meal period, employees are relieved of all active responsibilities and restrictions and are not compensated for that time. Nonexempt employees are expected to accurately record the time the meal period began and the time the meal period ended.

OVERTIME FOR NON-EXEMPT EMPLOYEES

When operating requirements or other needs cannot be met during regular working hours, non-exempt (hourly) employees may be scheduled to work overtime hours. When possible, advance notification of these mandatory assignments will be provided.

Overtime compensation is paid to all nonexempt employees in accordance with federal and state wage and hour requirements. Overtime pay is based on actual hours worked. Paid time off (PTO) or paid holiday is not considered hours worked for purposes of performing overtime calculations. Questions about overtime and eligibility should be directed to the employee's manager or the Human Resources Consultant.

All overtime work must receive the Practice manager's prior authorization. Working unapproved overtime may result in corrective action.

EMERGENCY CLOSINGS

At times, emergencies such as severe weather, fires, power failures, or earthquakes, can disrupt clinic operations. In extreme cases, these circumstances may require the closing of a work facility. When operations are officially closed due to emergency conditions, time off for scheduled work is unpaid. Employees may request to use earned PTO.

SECTION VI: EMPLOYMENT STATUS AND RECORDS

EMPLOYMENT CATEGORIES

It is the intent of Vision VetCare, LLC to clarify the definitions of employment classifications so that employees understand employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. Accordingly, the right to terminate the employment relationship at will at any time is retained by both the employee and Vision VetCare, LLC.

Each employee is designated as either Nonexempt or Exempt from federal and state wage and hour laws. Nonexempt employees are entitled to overtime pay under the specific provisions of federal and state laws. Exempt employees are excluded from specific provisions of federal and state wage and hour laws. An employee's Exempt or Nonexempt classification may be changed only upon written notification by Vision VetCare, LLC management.

In addition to the above categories, each employee belongs to one other employment category:

Regular full-time employees are those who are not in an introductory or temporary status and who are regularly scheduled to work Vision VetCare, LLC's full-time schedule. Generally, regular full-time employees are eligible for Vision VetCare, LLC's paid time off and benefit package, subject to the terms, conditions, and limitations of each benefit program.

Regular part-time employees are those who are not assigned to an introductory or project status and who are regularly scheduled to work less than twenty-nine (29) hours per week. While part-time employees do receive all legally mandated benefits (such as Social Security and workers' compensation insurance), part-time employees are ineligible for all of Vision VetCare, LLC's voluntary benefit programs.

Temporary employees are employees who are hired on a full or part-time basis for a specified period of time, usually not to exceed six (6) months.

EMPLOYMENT APPLICATIONS

Vision VetCare, LLC relies upon the accuracy of information contained in the online employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in the exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

EMPLOYMENT REFERENCE CHECKS

To ensure that individuals who join Vision VetCare, LLC are well qualified and have a strong potential to be productive and successful, the Organization may check the employment references of applicants.

Vision VetCare, LLC typically responds in writing only to reference check inquiries that are submitted in writing. Responses to such inquiries generally confirm only dates of employment and position(s) held.

PERSONNEL DATA CHANGES

It is the responsibility of each employee to promptly notify Vision VetCare, LLC of any changes in personnel data. Any changes should be directed to the Human Resources Consultant. Personal mailing addresses, telephone numbers, emergency contact information, educational accomplishments, change of dependents and other such status reports should be accurate and current at all times.

JOB DESCRIPTIONS

Vision VetCare, LLC makes every effort to create and maintain accurate job descriptions for all positions within the organization. Vision VetCare, LLC maintains job descriptions to aid in orienting new employees, identifying the requirements of each position, establishing hiring criteria, setting standards for employee performance evaluations, and establishing a basis for making reasonable accommodations for individuals with disabilities.

Employees should remember that job descriptions do not necessarily cover every task or duty that might be assigned, and that additional responsibilities may be assigned as necessary. Job descriptions may be rewritten periodically to reflect any changes in the position's duties and responsibilities.

ACCESS TO PERSONNEL FILES

Vision VetCare, LLC maintains a personnel file on each employee. The personnel file includes such information as the employee's job application, resume, records of training, documentation of performance appraisals and salary increases, and other employment records.

Personnel files are the property of Vision VetCare, LLC, and access to the information the files contain is restricted. Generally, only management personnel of Vision VetCare, LLC who have a legitimate reason to review information in a file are allowed to do so.

An employee who wishes to review the employee's own file should contact the Practice Manager. With reasonable advance notice, employees may review the personnel file in the presence of an individual appointed by Vision VetCare, LLC to maintain the files.

SECTION VII: TIME AWAY FROM WORK AND OTHER BENEFITS

PAID TIME OFF (PTO)

Any employee hired before July 1, 2013 may choose to be grandfathered in with their existing allotment of PTO hours.

Paid Time Off (PTO) is an all purpose time-off policy for eligible employees to use for vacation, illness or injury, and personal business. It combines traditional vacation and sick leave plans into one flexible, paid time off policy.

Regular full-time employees are eligible for PTO upon successful completion of the introductory period. PTO must be used in increments of a minimum of one-half day.

PTO is earned based on years of service as follows:

New PTO (updated October 2013)		
Years of Service	Maximum Annual PTO	Bi-Weekly Earning Schedule (Based on a 40 hour Work Week)
60 days - 2 years	8 days	2.46 hours
2-5 years	11 days	3.38 hours
5-15 years	16 days	4.92 hours
16+ years	21 days	6.46 hours

PTO is accrued based on the calendar year from January to December. In an employee's first year of employment, the employee will receive PTO benefits based on the biweekly earning schedule and must earn a minimum of one full day prior to using PTO.

PTO is paid at the employee's base pay rate at the time of absence. It does not include overtime or any special forms of compensation such as incentives, commissions, bonuses, or shift differentials.

Employees with one or more years of service may use PTO in advance of accrual with prior management approval. If the employee leaves employment for any reason, the employee is responsible for re-paying Vision VetCare, LLC for any hours that were paid out but not yet earned.

In the event that available PTO is not used by the end of the benefit year, employees forfeit the unused PTO. Upon termination of employment, employees are paid for unused PTO that has been earned through the last day of work. However, if Vision VetCare, LLC, in its sole discretion, terminates employment for cause, forfeiture of unused PTO may result.

Planned PTO

Employees are encouraged to take time away from work for vacations, attending to personal matters, etc. Employees are asked to request approval of PTO as soon as the need is known. Each practice will dictate the internal practice for approving time off requests and how far in advance the request must be received. At minimum, to schedule planned PTO, an employee should request advance approval from the manager at least one week in advance. Planned PTO requests exceeding one (1) day in length may require a thirty (30) day advance request. Requests are generally reviewed based on a number of factors, including business needs and staffing requirements.

Unplanned PTO

Employees who have an unexpected need to be absent from work should notify the Practice Manager at a minimum of sixty (60) minutes prior to the scheduled start of the workday. Failure to provide appropriate notification will result in PTO time not being paid, as well as being subject to disciplinary action.

HOLIDAYS

Vision VetCare, LLC locations close for certain holidays and will provide holiday pay for the following to regular full time employees:

- New Years Day*
- Memorial Day
- Independence Day*
- Labor Day
- Thanksgiving Day
- Christmas Day*

*For holidays to be paid they must fall Monday – Saturday to be recognized holidays for the year.

While Vision VetCare locations are closed, employees may be required to work for part or all of a designated holiday to care for animals staying at the practice. Each location will determine how holiday shifts will be assigned. Time worked on the holiday will be paid in addition to holiday pay for the day.

Vision VetCare, LLC reserves the right to add additional holidays to this schedule if appropriate based on the current year's calendar. Holiday pay is calculated based on the employee's straight-time pay rate (as of the date of the holiday) times the number of hours the employee would otherwise have worked on that day with a maximum of eight (8) hours.

CIVIC DUTIES

TIME OFF TO VOTE

Vision VetCare, LLC encourages employees to fulfill civic responsibilities by participating in elections. Generally, employees are able to find time to vote either before or after the regular work schedule. However, if employees are unable to vote in an election during nonworking hours, Vision VetCare, LLC may allow unpaid time off to vote according to state law.

Employees should request time off to vote from the manager at least two working days prior to the Election Day. Advance notice is required so that the necessary time off can be scheduled at the beginning or end of the work shift; whichever provides the least disruption to the normal work schedule. Vision VetCare, LLC may specify which hours must be used for this benefit.

JURY DUTY

Vision VetCare, LLC encourages employees to fulfill civic responsibilities by serving jury duty when required. Employees summoned for jury duty are granted an unpaid leave in order to serve. Exempt employees may be provided time off with pay when necessary to comply with state and federal wage and hour laws.

Employees should show the jury duty summons to the manager as soon as possible so that arrangements can be made to accommodate the absence. Of course, employees are expected to report for work whenever the court schedule permits.

Vision VetCare, LLC or the employee may request an excuse from jury duty if, in Vision VetCare, LLC's judgment, the employee's absence would create serious operational difficulties.

PTO continues to accrue during unpaid jury duty leave.

WITNESS DUTY

Vision VetCare, LLC encourages employees to appear in court for witness duty when subpoenaed to do so.

If an employee has been subpoenaed or otherwise requested to testify as witnesses by Vision VetCare, LLC, the employee will receive paid time off for the entire period of witness duty.

Employees are granted unpaid time off to appear in court as a witness when requested by a party other than Vision VetCare, LLC. Employees may use PTO to receive compensation for the period of this absence.

The subpoena should be shown to the employee's manager after it is received so that operating requirements can be adjusted, where necessary, to accommodate the employee's absence. The employee is expected to report for work whenever the court schedule permits.

BEREAVEMENT LEAVE

Regular full-time employees who wish to take time off due to the death of an immediate family member should notify their manager. Up to 3 days of paid bereavement leave is provided to eligible employees.

Bereavement pay is calculated based on the base pay rate at the time of absence and does not include any special forms of compensation, such as incentives, commissions, bonuses, or differentials. Bereavement leave is normally granted unless there are unusual business needs or staffing requirements. Employees may, with the supervisors' approval, use any available paid leave for additional time off as necessary.

Vision VetCare, LLC defines "immediate family" as the employee's spouse, parent, child, sibling; the employee's spouse's parent, child, or sibling; the employee's child's spouse; grandparents or grandchildren. Special consideration is also given to any other person whose association with the employee was similar to any of the above relationships.

FAMILY MEDICAL LEAVE

It is the policy of Vision VetCare, LLC to grant up to 12 weeks of family and medical leave during any 12-month period to eligible employees at eligible practices, in accordance with the Family and Medical Leave Act of 1993 (FMLA) and up to 26 weeks of leave in a single 12-month period in compliance with the expansion of the FMLA under the National Defense Authorization Act of 2008. The leave may be paid, unpaid or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in the policy. Please refer to the full FMLA policy in Appendix A of this handbook.

MILITARY LEAVE

A military leave of absence may be granted to employees who are absent from work because of service in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Advance notice of military service is required, unless military necessity prevents such notice or it is otherwise impossible or unreasonable. The leave will be unpaid. However, employees may use any available paid time off for the absence.

Continuation of health insurance benefits is available as required by USERRA based on the length of the leave and subject to the terms, conditions and limitations of the applicable plans for which the employee is otherwise eligible. Vacation, sick leave, and holiday benefits will continue to accrue during a military leave of absence.

Employees should apply for reinstatement in accordance with USERRA and all applicable state laws. Employees returning from military leave will be placed in the position the employee would have attained had the employee remained continuously employed or a comparable one depending on the length of military service in accordance with USERRA. The employee will be treated as though continuously employed for purposes of determining benefits based on length of service.

Employees should contact the Human Resources Consultant for more information or questions about military leave.

BENEFITS

Vision VetCare LLC provides a comprehensive set of employee benefit programs to supplement employees' regular wages. Employees should refer to management, plan documents and summary plan descriptions for specific information regarding benefit offerings and eligibility for their location.

Vision VetCare, LLC reserves the right to modify its benefits at any time.

BENEFITS CONTINUATION (COBRA)

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and qualified beneficiaries the opportunity to continue health insurance coverage under Vision VetCare, LLC's health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at Vision VetCare, LLC's group rates plus an administration fee. Vision VetCare, LLC provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under Vision VetCare, LLC's health insurance plan. The notice contains important information about the employee's rights and obligations.

PET DISCOUNT

All employees receive a discount on pet services and products after completing the Introductory Period. This discount applies only to pets of the employee. The number of employee pets eligible for the discount is determined by your Practice Manager. All employee pets, with the exception of urgent or emergency care, will be scheduled on an "as time allows" basis. **See your Practice Manager for discount amounts and number of eligible pets.**

Employees are expected to pay in full or enter into a payroll deduction agreement at the time services are rendered unless prior arrangements with the Practice Manager have been made. When such arrangements are made, the employee may not carry a balance over \$100. When the balance reaches over \$100, the employee will no longer receive discounted services or products until this balance is reduced or receives prior approval from the Practice Manager.

This benefit is designed for your personal use and should be understood that employee discounts are to be used for your personal pets only, not for friends or family members or pets that do not live in your household.

SECTION VIII: HEALTH, SAFETY AND SECURITY

SAFETY

To assist in providing a safe and healthful work environment for employees, clients, and visitors, Vision VetCare, LLC considers workplace safety to be a top priority for Vision VetCare, LLC.

Each employee is expected to obey safety rules and to exercise caution in all work activities. Employees should immediately report any unsafe condition to the appropriate manager or the Human Resources Consultant. Employees who violate safety standards; who cause hazardous or dangerous situations; or who fail to report, and where appropriate, remedy such situations, may be subject to disciplinary action, up to and including termination of employment.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, employees should immediately notify the appropriate manager. Such reports are necessary to comply with laws and initiate insurance and workers' compensation benefits procedures.

ACCIDENT REPORTING

Employees who sustain work-related injuries or illnesses should inform the Practice Manager or the Human Resources Consultant immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This enables an eligible employee to qualify for workers' compensation coverage as quickly as possible.

Vision VetCare, LLC provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Neither Vision VetCare, LLC nor the insurance carrier is liable for the payment of workers' compensation benefits for injuries that occur during an employee's voluntary participation in any off-duty recreational, social, or athletic activity sponsored by Vision VetCare, LLC.

Practice Managers should contact their Human Resources Consultant to assist with reporting and return to work matters within 24 hours of incident.

SMOKING

In keeping with Vision VetCare, LLC's intent to provide a safe and healthful work environment, smoking in the workplace is prohibited except in those locations that have been specifically designated as smoking areas.

This policy applies equally to all employees, clients, and visitors.

DRIVING ON BUSINESS

The safety and well being of Vision VetCare, LLC employees is of critical importance to the organization. Employees that are required to drive on company business at any time will be expected to follow all driving laws and safety rules. Use of handheld cell phones, while driving on company business, is prohibited. Any employee driving for business purposes must have a valid driver's license and be properly insured.

VISITORS IN THE WORKPLACE

To provide for the safety and security of employees and the facilities at Vision VetCare, LLC, only clients or authorized visitors are allowed in the workplace. Authorized visitors must be accompanied by authorized employees at all times and are not permitted in confidential, unauthorized or potentially hazardous areas.

Restricting unauthorized visitors helps maintain safety standards, protects against theft, ensures security of equipment, protects confidential information, safeguards employee welfare, and avoids potential distractions and disturbances. If an unauthorized individual is observed on Vision VetCare, LLC's premises, employees should immediately notify a manager or, if necessary, direct the individual to the reception area.

WORKPLACE VIOLENCE PREVENTION

Vision VetCare, LLC is committed to preventing workplace violence and to maintaining a safe work environment. Accordingly, Vision VetCare, LLC has adopted the following guidelines to deal with intimidation, harassment, or other threats of (or actual) violence that may occur during business hours or on its premises.

All employees, including managers and contract employees, should be treated with courtesy and respect at all times. Employees are expected to refrain from fighting, "horseplay," or other conduct that may be dangerous to others. Firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises of Vision VetCare, LLC without proper authorization.

Conduct that threatens, intimidates, or coerces another employee, a client, or a member of the public at any time, including off-duty periods, will not be tolerated. This prohibition includes all acts of harassment, including harassment that is based on an individual's sex, race, age, or any characteristic protected by federal, state, or local law.

All threats of (or actual) violence, both direct and indirect, should be reported as soon as possible to the immediate manager or any other member of management. This includes threats by employees, as well as threats by clients, vendors, solicitors, or other members of the public. When reporting a threat of violence, employees should be as specific and detailed as possible.

All suspicious individuals or activities should also be reported as soon as possible to the Practice Manager or Human Resources Consultant. Employees should not intercede or place themselves in harm's way should they see or hear a commotion or disturbance in the workplace.

Vision VetCare, LLC will promptly and thoroughly investigate all reports of threats of (or actual) violence and of suspicious individuals or activities. The identity of the individual making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, Vision VetCare, LLC may suspend employees, either with or without pay, pending investigation.

Anyone determined to be responsible for threats of (or actual) violence or other conduct that is in violation of these guidelines may be subject to prompt corrective action up to and including termination of employment. Additionally, Vision VetCare, LLC will take appropriate action when dealing with clients, former employees, or visitors to facilities who engage in such behavior. Such action may include notifying the police or other law enforcement personnel and prosecuting violators of this policy to the maximum extent of the law.

Vision VetCare, LLC encourages employees to bring disputes or differences with other employees to the attention of a manager or the Human Resources Consultant before the situation escalates into potential violence.

IN AN EMERGENCY

Employees should contact management immediately when an emergency occurs. Emergencies include all accidents, medical situations, bomb threats, other threats of violence, and the smell of smoke.

Should an emergency result in the need to communicate information to employees outside of business hours, all employees will be contacted by Vision VetCare, LLC. Therefore, it is important that employees keep their personal emergency contact information up to date. Notify the Practice Manager and the Human Resources Consultant when this information changes.

When events warrant an evacuation of the building, employees should follow the instructions of management. Employees should leave the building in a quick and orderly manner. Employees should assemble in the parking lot and wait for further instructions or information.

Any questions regarding emergency procedures should be directed to management.

DRUG AND ALCOHOL USE

It is Vision VetCare, LLC's desire to provide a drug-free, healthful, and safe workplace. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform job duties in a satisfactory manner.

While on Vision VetCare, LLC premises and while conducting business-related activities off business premises, no employee may use, possess, distribute, sell, or be under the influence of alcohol or illegal drugs. The legal use of prescribed drugs is permitted on the job only if it does not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger other individuals in the workplace.

Violations of this policy may lead to corrective action, up to and including immediate termination of employment, and/or required participation in a substance abuse rehabilitation or treatment program. Such violations may also have legal consequences.

Employees with questions on this policy or issues related to drug or alcohol use in the workplace should raise concerns with the Practice Manager or the Human Resources Consultant without fear of reprisal.

DRUG AND ALCOHOL TESTING

Vision VetCare, LLC is committed to providing a safe, efficient, and productive environment for all employees, clients, and pets. Using or being under the influence of drugs or alcohol on the job may pose serious safety and health risks.

To help ensure a safe and healthful working environment, post-offer job applicants may be asked to provide body substance samples (such as urine and/or blood) to determine the illicit or illegal use of drugs and alcohol. All employees are also subject to testing after an accident or based upon (but not limited to) reasonable

suspicion of apparent workplace use, possession or impairment. Refusal to submit to drug or alcohol testing may result in disciplinary action, up to and including termination of employment.

SECURITY INSPECTIONS

Vision VetCare, LLC wishes to maintain a work environment that is free of illegal drugs, alcohol, firearms, explosives, or other improper materials. APPENDIX A

FAMILY MEDICAL LEAVE

It is the policy of Vision VetCare, LLC to grant up to 12 weeks of family and medical leave during any 12-month period to eligible employees at eligible practices, in accordance with the Family and Medical Leave Act of 1993 (FMLA) and up to 26 weeks of leave in a single 12-month period in compliance with the expansion of the FMLA under the National Defense Authorization Act of 2008. The leave may be paid, unpaid or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in the policy.

Eligibility

To qualify to take family and medical leave under this policy, the employee must meet all of the following conditions:

1. The employee must have worked for Vision VetCare, LLC for 12 months or 52 weeks. The 12 months or 52 weeks need not to have been consecutive. For eligibility purposes, the employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of the week or if the employee is on leave during the week.
2. The employee must have worked at least 1,250 hours during the 12-month period immediately before the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act (FLSA) determine the number of hours worked by an employee. The FLSA does not include time spent on paid or unpaid leave as hours worked. Consequently, these hours of leave should not be counted in determining the 1,250 hours eligibility test for an employee under FMLA.
3. The employee must work in an office or work site where 50 or more employees are employed by Vision VetCare, LLC within 75 miles of that office or work site. The distance is to be calculated using available transportation by the most direct route.

Type of Leave Covered

To qualify as FMLA leave under this policy, the employee must be taking leave for one of the reasons listed below:

1. The birth of a child and in order to care for that child.
2. The placement of a child for adoption or foster care and to care for the newly placed child.
3. To care for a spouse, child or parent, as defined by law, with a serious health condition, as described under item 4.

4. The serious health condition of the employee that makes the employee unable to perform the functions of his or her position.
 - i) A “serious health condition” is defined as an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the individual from performing the functions of his or her job, or prevents the qualified family member from participating in school or other daily activities. The definition of serious health condition also includes an injury or illness that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces, as well as an illness or injury which manifests itself before or after the member became a veteran. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least 2 visits to a health care provider or 1 visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.
 - a. Employees with questions about what illnesses are covered under this FMLA policy or under Vision VetCare, LLC’s PTO policy are encouraged to consult with the Human Resources Consultant.
 - b. Vision VetCare, LLC may require the employee to provide a doctor’s certification of a serious health condition.
 - c. If an employee uses PTO for a condition that progresses into a serious health condition and the employee requests unpaid leave as provided under this policy, Vision VetCare, LLC may designate all or some portion of related leave taken as leave under this policy, to the extent that the earlier leave meets the necessary qualifications.
5. A covered family member’s active duty or call to active duty in the Armed Forces.
 - a. Qualifying Exigency Leave: Eligible employees with a spouse, son, daughter, or parent, as defined by law, on active duty or call to active duty status in the National Guard or Reserves, or any regular component of the Armed Forces, or retired Armed Forces or Reserves, in support of a contingency operation may use the 12-week entitlement to address certain qualifying exigencies. Qualifying exigencies include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment re-integration briefings. The leave may commence as soon as the individual receives the call-up notice; however, the actual timing and duration of the leave depends upon the reason for taking the leave. This type of leave would be counted toward the employee’s 12-week maximum of FMLA leave in a 12-month period.

- i. Employees requesting this leave must provide proof of the qualifying family member's call-up or active military service before leave is granted.
 - ii. Vision VetCare, LLC may require an employee to provide certification of the leave.
- b. Care for an Injured or Ill Service Member Leave: Employees may take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties and for which the service member is undergoing medical treatment, recuperation, or therapy; or is in the outpatient status; or is on the temporary disability retired list. This includes family members of veterans who were members of the Armed Forces (including National Guard or Reserves) at any point in time within five years preceding the date on which the veteran undergoes medical treatment, recuperation, or therapy.
 - i. To be eligible for this leave, the employee must be the covered service member's spouse, son, daughter, parent or next-of-kin, as defined by law.
 - ii. Vision VetCare, LLC may require an employee to provide certification of the leave.
 - iii. This is the only type of FMLA leave that may extend to an employee's leave entitlement beyond 12 weeks to 26 weeks.

Timing and Duration of Leave

In order to calculate 12-week leave entitlements, Vision VetCare, LLC uses the "rolling method" of calculation. Under the "rolling method", the 12-month period begins on the date of the requested leave and any FMLA leave taken from that date through the prior 12 months will count towards the employee's 12-week entitlement for that year.

For an employee taking up to 26 weeks of leave to care for seriously ill or injured covered service member in a single 12-month period, the single 12-month period begins on the first day the employee takes FMLA leave and ends 12 months after that date.

Spousal Limits on Leave

If a husband and wife both work for Vision VetCare, LLC and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not parent-in-law) with a serious health condition, the husband and wife may take only a combined total of 12 weeks of leave. If a husband and

wife both work for Vision VetCare, LLC and each wishes to take leave to care for a covered injured or ill service member, the husband and wife may only take a combined total of 26 weeks of leave.

Employee Status and Benefits During Leave

While an employee is on leave, Vision VetCare, LLC will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work.

If the employee chooses not to return to work for reasons other than the continuation, recurrence, or onset of a serious health condition of the employee or the employee's family member or a serious injury or illness of a covered service member, or a circumstance beyond the employee's control, Vision VetCare, LLC will require the employee to reimburse the organization the amount it paid for the employee's health insurance premium during the leave period.

Under current Vision VetCare, LLC policy, the employee pays a portion of the health care premium. While on paid leave, the employer will continue to make payroll deductions to collect the employee's share of the premium. While on unpaid leave, the employee must continue to make this payment, either in person or by mail. The payment must be received by the Human Resources Consultant by the first day of each month. If the payment is more than 30 days late, the employee's health care coverage may be dropped for the duration of the leave. The employer will provide 15 days' notification prior to the employee's loss of coverage.

If the employee contributes to a life insurance or disability plan, the employer will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the employee may request continuation of such benefits and pay their portion of the premiums; or the employer may elect to maintain such benefits during the leave and pay the employee's share of the premium payments. If the employee does not continue these payments, the employer may discontinue coverage during the leave. If the employer maintains coverage, the employer may recover the costs incurred for paying the employee's share of any premiums whether or not the employee returns to work.

Employee Status after Leave

An employee who takes leave under this policy will be able to return to the same position or a position with equivalent status, pay, benefits and other employment terms, providing the employee returns to work within the designated time frame. The position will be the same or virtually identical in terms of pay, benefits and working conditions.

Vision VetCare, LLC may choose to exempt certain key employees from this requirement and not return them to the same or similar positions.

Use of Paid and Unpaid Leave

Employees of Vision VetCare, LLC must substitute for unpaid FMLA leave any applicable, available paid leave to which they are entitled and which they have already accrued.

Any form of paid leave (including but not limited to accrued paid leave under any Vision VetCare, LLC policy, short term disability, long term disability, workers compensation) which also qualifies and is designated as FMLA leave shall run concurrently with FMLA leave.

Intermittent Leave or a Reduced Work Schedule

The employee make take FMLA leave in 12 or 26 consecutive weeks (depending upon the nature of the leave taken), may use the leave intermittently (taking a day periodically when needed over the year), or under certain circumstances, may use the leave to reduce the work week or work day, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 or 26 work weeks (depending upon the nature of the leave taken).

Vision VetCare, LLC may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, in instances of when leave for the employee or employee's family member is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth, or placement for adoption or foster care.

For the birth, adoption or foster care of a child, Vision VetCare, LLC and the employee must mutually agree to the schedule before the employee may take the leave intermittently or work a reduced hour schedule. Leave for birth, adoption or foster care of a child must be taken within one year of the birth or placement of the child.

Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt Vision VetCare, LLC's business.

Certification

Vision VetCare, LLC may require certification of the need for leave due to the serious health condition of the employee or the employee's family member, qualifying exigencies arising out of the call to active duty or active duty status of the employee's family member and/or care of a seriously injured covered service member. The employee must respond to such a request within 15 days or provide a reasonable explanation for the delay. Failure to provide certification may result in denial of continuation of leave. Forms are available from the HR department for certifying the various kinds of FMLA leave.

Procedure for Requesting Leave

Amount of Notice Employee Must Provide

Any employee applying for leave for any FMLA-qualifying reason must request and complete Vision VetCare, LLC's application for FMLA leave. The employee must return the completed application to the Human Resources Consultant at least 30 days in advance of the start of leave if the need for leave is foreseeable. If a full 30 days notice is not possible, the form must be submitted as soon as practicable (either the same day the employee learns of the need for leave or the next business day.)

Where the need for leave is not foreseeable, and the employee is unable to complete a written application for FMLA leave before the start of the leave, the employee must follow Vision VetCare, LLC's usual absence reporting policy.

Regardless of how far in advance the employee becomes aware of the need to take qualifying exigency leave, notice of the need for such leave must also be given as soon as practicable either the same day the employee learns of the need for the leave or the next business day.)

Employees who fail to provide sufficient notice may have their FMLA leave delayed or denied.

Status and Intent to Return

While on leave, employees are requested to report periodically to Vision VetCare, LLC regarding the status of the medical condition and their intent to return to work.
